

Cord Operated Curtain Tracks

Silent Gliss® 3000

Product Information

- Universal cord operated curtain track system for residential and contract applications.
- Due to the enclosed channels the track can be forward and reverse bent - a unique feature and a perfect choice for bay windows.
- For medium weight curtains and a maximum curtain weight of up to 15 kg. Maximum system width 6 m. Exact dimensions depend on fabric weight and application.
- For straight and bent applications with single, double or multiple symmetrical stacks.
- Standard colours: anodised aluminium or white powder coated.
- Custom paint colours on application.
- Easy ceiling or wall fix to all surfaces.
- Due to its unique features SG3000 is regarded by many professional curtain fitters as the best available.
- Ready assembled.
- Large and attractive fabric offer.
